

CPE Nationals 2020 - Springfield OH Stall Crating Space Rental Form

Opening date: **March 16** Closing date: **August 10**

Reservations will be accepted on or after March 16 and only after CPE confirms your entry to the 2020 Nationals. Reservations after August 10 will be charged a \$20 processing fee.

There are 128+ horse stalls measuring 10 x 10 with shared electric outlets between two. All stalls are indoors connected to the main arena with an enclosed breezeway (where vendors will be located). CPE is being charged for each stall used. There is **NO** crating space available around the main rings and **only** in the grass near the pavilion rings and outdoor rings (bring your own tents/shade).

All stalls have a concrete floor, so bring a floor covering for insulation. The stall doors do not lock but could be secured with a bicycle-type lock. The doors go to the ground, but leave dogs loose at your discretion while you are in the stall. However, we **require** that all unattended dogs be secured in a crate for their safety. Neither CPE, nor the Host Clubs will be responsible for personal items left unsecured anywhere on the grounds.

The building management has stated that NO tape (masking, duct, etc.) be put anywhere inside or outside of the stalls on painted areas - this will be strictly enforced. Anyone disregarding this policy will be excused from the grounds and the trial. The electric outlets are at least 6 foot from the ground, so a 20' extension cord is recommended if using them.

You may share a stall with however many other handlers/dogs as you wish, but **ONLY** one check should be sent with the reservation; however, each person/dog **must** be listed on the reservation form. If you would like to be located **near** a specific person or group, please indicate that on the reservation form. We will **try** to accommodate such requests, but that is **not guaranteed**. The 10 x 10 stalls can be combined into a 10 x 20 by removing panels. If you like this option, please mark the appropriate box.

Stall requests will end on **August 10. Reservations after August 10 will be charged a \$20 processing fee.** Reservations are for 10am Thursday, August 27 through Sunday afternoon, August 30. **NO** single day setups will be considered. There will be no setups on Wednesday, August 26. I will send you an acknowledgement by email when I receive your check, but stall assignments will **not** be sent out until **after August 10.** Checks will be deposited after July 1.

There will be a Stall Decorating contest (originality counts), so plan to showcase your talents and decorate. Remember, **no tape is allowed on the walls.** Judging will take place on Saturday and the results announced at the Sunday morning briefing.

There will be a large diagram of the stall area posted at check-in as well as in the stall barn
